## 2018 EDEMA MANAGEMENT CERTIFICATION WORKSHOPS TO BE HELD IN NEW JERSEY AND CALIFORNIA

Early bird registration discounts offered until May 31<sup>st</sup> and June 30<sup>th</sup> respectively

CALABASAS, CA. April 24, 2018

— A new series of [edema management](#) workshops is now taking registrations. These events culminate with the award of the [CES \(Certified Edema Specialist\)](#) designation to participating Physical Therapists and PT Assistants as well as Occupational Therapists and OT Assistants.

Created by the Oncology Section of the APTA, the blended learning program is comprised of two (2) elements:

1. An online learning component containing four (4) online courses for a total of 18 hours. These courses can be taken at any time prior to the event and stream from the website of [rehab continuing education](#) provider EDUCATA.
2. A hands-on, 6-day workshop taught by USC professor Marisa Perdomo, PT, DPT, MS, CCES, CES and UCA researcher and educator Dr. Lisa VanHoose, PT, Ph.D., MPH  
Full biographies can be seen [here](#).

The 2018 hands-on workshops will be held on August 9<sup>th</sup> – 14<sup>th</sup> at Rutgers University in Newark, New Jersey and in two separate 3-day sessions (September 14<sup>th</sup>-16<sup>th</sup> and October 9<sup>th</sup> – 21<sup>st</sup> at Henry Mayo in Valencia, California. Early bird registration for the New Jersey event ends May 31<sup>st</sup>, 2018 and for the California event on June 30<sup>th</sup>, 2018.

“I have noticed a huge difference in my post-op joint population after using the techniques I learned at the CES course” said physical therapist Melissa F. Carlton. “I continue to be excited each and every time I have a patient with lymphedema or orthopedic edema on my schedule.”

“We see an increased demand for competent, professional edema management, whether in orthopedic, oncology or other type of patients” said Marilyn Pink, PT, PhD. and EDUCATA CEO. “We are proud to work with the Oncology Section in such a high-quality program focused on training and certifying professionals in this field.”

###

**About EDUCATA:** A leading independent provider of online continuing education for rehabilitation professionals, EDUCATA utilizes an interactive platform to deliver a unique online, evidence-based learning experience. The company offers a broad spectrum of online courses from acute care to outpatient care; from musculoskeletal to cardiopulmonary and oncology; from pediatrics to geriatrics and from differential diagnosis to preventative treatment programs.
